

That's a nice perk. ♥
Let me invest in you.

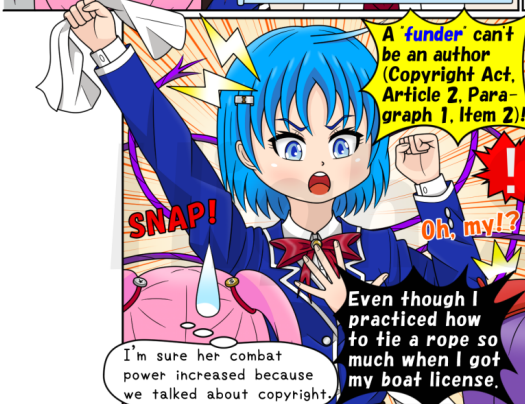

Well, I gift you the right to tickle Chinako as a shareholder perk.

~Day 21~ Shareholder perk recommended by Kurika

Your manga is popular, but investing in you has a low dividend yield. Please enrich reward for me.

Btw, it is difficult for me to provide all the expenses to exhibit at the next manga event. So, I'd like you to invest some money in me again....

I'm sure her combat power increased because we talked about copyright.

A 'funder' can't be an author (Copyright Act, Article 2, Paragraph 1, Item 2)!

Even though I practiced how to tie a rope so much when I got my boat license.

I'm going to fund you, so you and I should be the authors of this manga.

You can tickle her with this paintbrush until you are satisfied.

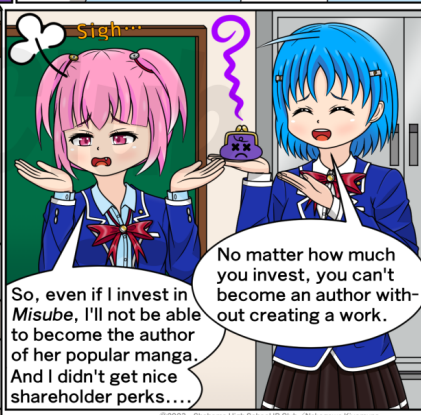

Yes. ★
Of course.

Come on!

Instead, I give you the right to tickle her until you are satisfied as my shareholder perks. ♪

Stocks with such perks have a dividend yield of zero. I'd never invest in it.

So, even if I invest in Misube, I'll not be able to become the author of her popular manga. And I didn't get nice shareholder perks....

No matter how much you invest, you can't become an author without creating a work.
